

Bencore was born in the name of innovation, technology and sustainability. Over the years the brand has worked with constancy and great commitment to the definition of a series of composite materials, the renowned honeycombs, which today make up the extensive catalog of Bencore Materials. To this, the division Bencore Living was added in which products such as doors and walls, tables and other furniture systems have merged.

Thanks to its capillarity, Bencore has also signed some particularly strategic business partnerships for the exclusive distribution of international brands such as 3form, Kaynemaile, Alusion, Smile Plastics and Prècedés Chènel.

Mobilspazio, the original italian mini kitchen

Do you have a small room but you are in need of a kitchen? The Mobilspazio mini kitchen is the answer. Super compact, it is small enough (sizes start from 1 m) to fit into a room making it ideal for apart-hotel, studio apartment as well as bed & breakfast, student accommodation, senior houses and offices. The mini kitchen can be closed either with rolling shutter or folding doors so it looks neat and unobtrusive when not in use. Our 100% made in Italy mini kitchen comes complete with a sink, plate rack and appliances. It is built using CARB panels that are 38 mm thick and with anti-scratch surfaces.
